If this is suitable for anyone you know then please share these jobs with them.

About Mace

Mace is an international consultancy and construction company, offering integrated services across the full property and infrastructure life cycle. Our experts in programme and project management, construction delivery, cost consultancy and facilities management thrive within our collaborative and entrepreneurial culture, constantly striving to find better solutions to complex infrastructure and property challenges.

Our customers are at the core of what we do, and we continue to grow and expand to better serve their property needs across sectors and geographies. Our talented and professional people work from within our customers' organisations, constantly asking challenging questions and driving value at every turn. We believe it is our relentless passion for finding a better way that helps us to deliver the best projects safely and efficiently, while defining industry best practice.

Since its beginnings, Mace has endeavoured to find a better way for our clients, communities and the property industry, to constantly challenge the status quo and make the seemingly impossible possible. As an international consultancy and construction company involved in some of the world's most important and iconic building and infrastructure projects, Mace sees this ongoing dedication to excellence not only as an essential part of what makes the company tick, but also as a responsibility as an industry leader.
